Monday 5.4.2010

- 11:00-11:45 Registration for the school, refreshments
- 11:45-12:00 Onur, Avetis and Alessandro welcome participants
- 12:00-13:25 **Asaf Gilboa** – Classical fractionation of human memory
- 13:35-15:00 **Hugo Spiers** – Functional imaging of memory processes
- 15:00-15:30 Tea break
- 15:30-16:55 **Roozbeh Kiani** – Object representation in monkey inferior temporal cortex
- 17:05-18:30 **Rosie Cowell** – An introduction to connectionism
- 19:00-21:00 Frugal welcome reception

Tuesday 6.4.2010

- 8:30-10:00 **Francesco Battaglia** – Spatial memory in rodents
- 10:00-10:30 Coffee break
- 10:30-11:55 **Mate Lengyel** – Hippocampal networks and dynamics
- 12:05-13:00 EBBS lecture: **Onur Güntürkün** – Memory function in birds
- 13:30-18:30 Lunch bags and group excursion to Garni and Geghard
- Free evening – Volunteers might want to lead a dancing spree

Wednesday 7.4.2010

- 8:30- 9:25 **Asaf Gilboa** – Prefrontal contributions to memory processes: memory applied
- 9:35-10:30 **Hugo Spiers** – Spatial memory in humans
- 10:30-11:00 Coffee break
- 11:00-11:55 **Rosie Cowell** – Connectionist models of memory
- 12:05-13:00 EBBS CARE Lecture: **Krzysztof Turlejski** – Ethics in animal research
- 13:00-14:30 Lunch with fruit and sandwiches
- 14:30-15:25 **Francesco Battaglia** – Memory retrieval and reactivation
- 15:35-16:30 **Mate Lengyel** – Computational perspectives on complementarity
- 16:30-17:00 Tea break
- 17:00-18:00 **Roozbek Kiani** – From perception and memory to decision making
- Evening Registration and renewed welcome reception for workshop participants

Thursday 8.4.2010 meeting at 14:00 with **Susan Sara**, FENS-IBRO liaison. With her, we also thank our local organizers in Yerevan, and all our funders and supporters
