Scuola Internazionale Superiore di Studi Avanzati - International School for Advanced Studies

ADVANCES IN THE SCIENCE OF SOLIDS AND ENGINEERING MECHANICS

Workshop of the Italian Branch of the Society for Natural Philosophy

October 12th 2011

School and international workshop

SISSA-International School for Advanced Studies

Via Bonomea 265,34136 Trieste, Italy

<http://people.sissa.it/~desimone/Conferences/>
contact: Antonio De Simone <desimone@sisssa.it>

Invited speakers:

Michele Brun (Cagliari)

Giuseppe Puglisi (Bari)

Eric Puntel (Udine)

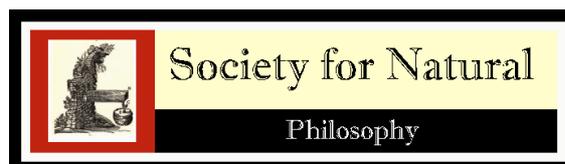

Alessandro Reali (Pavia)

Alberto Salvadori (Brescia)

Giuseppe Tomassetti (Roma)

Scientific Committee:

Maurizio Angelillo, Davide Bigoni, Guido Borino, Luca Deseri, Antonio DeSimone, Roberto Paroni, Luciano Rosati, Gianni Royer-Carfagni

(founded in 1963 by Clifford Truesdell)

The Society for Natural Philosophy aims to promote communication across professional lines, to neutralize blind specialization, and to recognize and foster quality in scientific research. It offers common ground for those seeking unity of foundations through the results of specific researches, mathematical or experimental. Its method of operation is to organize meetings on specific topics of interest to some mathematicians, physicists, chemists and engineers.
