

# Andrea Malchiodi: curriculum vitae

## Bio

Born on September 30, 1972 (Piacenza, Italy).

Married, one child.

## Research interests

Geometric Analysis, Partial Differential Equations, Variational Methods, Differential Geometry.

## Education

S.I.S.S.A., Trieste, Italy. Ph.D. in Mathematical Analysis, October 2000. Thesis: Existence and multiplicity results for some problems in Riemannian Geometry, supervisor A. Ambrosetti. Note of distinction from the committee.

University of Milan, Italy. B.S. Physics, July 1996. Thesis: On the stability of spheres with respect to the variation of mean curvature, supervisor M. Rigoli. Grade 110/110 cum laude.

## Career

Fulbright fellowship: academic year 2000-2001. Visiting Rutgers University, New Brunswick, NJ.

Institute for Advanced Study, Princeton, NJ, member: academic years 2001-2003.

Idoneità as *Professore associato* in mathematical analysis, University of Salerno, April 2003.

ETH, Zurich, Visitor, Fall Semester 2003.

S.I.S.S.A., Trieste, March 2004 - December 2004, associate (visiting) professor.

S.I.S.S.A., Trieste, December 2004 - September 2006, associate professor.

Idoneità as *Professore ordinario* in mathematical analysis, University of Milano Bicocca, January 2006.

S.I.S.S.A., Trieste, October 2006 -, professor (on leave during 2013).

University of Warwick, January-December 2013, professor.

## Distinctions

Prize *Sunyer y Balaguer* 2005 for the book: Perturbation Methods and Semilinear Elliptic problems on  $\mathbf{R}^n$ .

Prize *Carlo Miranda* 2005.

*Caccioppoli* Prize 2006.

ICM 2014, Sectional speaker.

## Editorial activity

Calculus of Variations and Partial Differential Equations, Managing Editor, January 2007 -

Communications in Contemporary Mathematics, Editor, January 2007 -

Nonlinear Analysis, TMA, Editor, September 2011 -

Analysis and Geometry in Metric Spaces, Editor, September 2012 -

Journal of Dynamical and Control Systems, Editor, October 2012 -

Analysis in Theory and Applications, Editor, October 2013 -  
Discrete and Continuous Dynamical Systems, January 2014 -  
Publicacions Matemàtiques, Editor, October 2014 -  
Rendiconti dell'Istituto di Matematica dell'Università di Trieste, editor, January 2009 - March 2011.

## Service

Member of committees at SISSA for entrance examinations (both Ph.D. and undergraduate), selections of post-docs and short-term fellowships.

Member of a committee in charge of discussing/reforming the structure of SISSA.

October 2006 - November 2010: Director of graduate studies of the Sector of Mathematical Analysis at SISSA.

November 2007 - November 2010: member of the administrative council at SISSA.

November 2010 - May 2012: head of the Sector of Functional Analysis at SISSA.

May 2012 - December 2012: member of the Academic Senate at SISSA.

## Funding

Progetto di Internazionalizzazione "Equazioni alle derivate parziali nello studio di problemi di analisi geometrica", November 2005 - October 2008. (Euros 17.000)

Progetto GNAMPA "Equazioni di evoluzione geometriche", 2007, principal investigator. (Euros 8.000)

Progetto FIRB "Analysis and Beyond", 2009-2013, principal investigator. (Euros 1.017.000)

Progetto PRIN "Metodi variazionali e PDE non lineari", 2011-2013, principal investigator. (Euros 185.933)

Progetto PRIN "Variational and perturbative aspects of nonlinear differential problems", 2013-2016, local coordinator.

## Organization of schools and workshops

Variational Problems in Nonlinear Analysis, Sissa, Trieste, April-May 2005  
 Session "Geometric Analysis" at the joint UMI-SMF meeting, Turin, July 2006  
 Partial Differential Equations in Geometry and Mathematical Physics, Cetraro (Cosenza), June 2007  
 Focused trimester on Geometric flows and geometric operators, Centro de Giorgi, Pisa, May-July 2009  
 Workshop "Loss of compactness in nonlinear problems : new trends and applications", CIRM, Luminy, October 2009  
 Workshop "Differential and topological problems in modern theoretical physics", SISSA, Trieste, April 2010  
 Workshop "Metodi variazionali e perturbativi per equazioni differenziali nonlineari", Venice, January 2011  
 Workshop "Higher Order Equations in Geometry and Physics", SISSA, Trieste, May 2011.  
 Workshop "Sub-Riemannian Geometry and PDEs", Levico Terme, Trento, July 2012.  
 Workshop "A day in honor of Antonio Ambrosetti", Venice, July, 2012.  
 Workshop "A day in Analysis and Geometry", Univ. of Warwick, September 2013.  
 Member of Scient. Committee for the "International Workshop on Variational Problems and PDE's", Sao Paulo, Sept. 2013.

Member of Scient. Committee for "Recent developments of nonlinear PDEs", A.N.U., Canberra, Nov. 2013.

Member of Scient. Committee for the meeting "Geometric Analysis in Roscoff", Roscoff, June 2014.

Member of Scient. Committee for "Spin geometry and analysis on manifolds", CIRM, Luminy, Oct. 2014.

Thematic day on minimal surfaces in sub-Riemannian geometry, IHP, Paris, October 2014.

## Teaching experience

Ph.D. courses at SISSA in the academic years 2003/2004, 2004/2005, 2005/2006, 2007/2008, 2008/2009, 2009/2010 and 2011/2012. Undergraduate course at SISSA in the academic year 2006/2007 and 2010/2011.

Undergraduate course at Warwick in the academic years 2012/2013 and 2013/2014.

## Seminar organization

2009/2010: learning seminar in Geometric Analysis at SISSA

2010/2011-2011/2012: joint ICTP-SISSA Geometric Analysis seminar

2006- : various invited seminars

2013/2014: Analysis Seminar at Warwick

## Ph.D. Students

Cheikh Birahim Ndiaye (Ph.D. Thesis defended on Oct. 2007, Post-doc at Giessen)

Mouhamed Moustapha Fall (Ph.D. Thesis defended on Oct. 2009, Humboldt Professor at Dakar)

Alessandro Selvitella (Ph.D. Thesis defended on Oct. 2010, MSc in Statistics at McMaster)

Francesca De Marchis (Ph.D. Thesis defended on Oct. 2010, Post-doc at Rome la Sapienza)

Andrea Mondino (Ph.D. Thesis defended on Sept. 2011, ETH Fellow)

Serena Dipierro (Ph.D. Thesis defended on Oct. 2012, Post-doc at Edingurgh)

Aleks Jevnikar (Oct 2011 -)

Gabriele Mancini (June 2012 -)

Luca Battaglia (June 2012 -)

Matteo Rizzi (June 2013 -, in co-supervision with A.Farina)

## Undergraduate Students

Francesca De Marchis (SISSA, Master thesis defended in July 2007)

Andrea Mondino (SISSA, Master thesis defended in July 2008)

Alessandro Carlotto (Scuola Normale Superiore, Pisa, Master thesis defended in July 2010)

Aleks Jevnikar (SISSA, Master thesis defended in October 2011)

Andrew McLeod (Warwick, June 2013 -)

## Postdocs mentoring

Fethi Mahmoudi (Oct. 2006 - July 2008, Assistant professor at Tunis)

Lorenzo Mazziari (July 2009 - Oct. 2010, Ricercatore at Scuola Normale, Pisa)

Giovanni Catino (Jan 2009 - Oct 2011, Ricercatore at Politecnico di Milano)

Vittorio Martino (Nov 2011 - Jan 2013, Ricercatore at Univ. of Bologna)

Norihisa Ikoma (Apr. 2013 - Dec. 2013, Post-doc at Tohoku Univ.)

- External referee for the theses of Lorenzo Marrieri (Scuola Normale and Univ. Paris XII, 2008), Roberta Alessandroni (Univ. Rome Tor Vergata, 2008), Giovanni Catino (Univ. Pisa, 2009), Luca Martinazzi (ETH, Zurich, 2009), Matteo Galli (Granada, June 2012), Jean-Baptiste Castreras (Univ. Bretagne

Occidentale, September 2012), Roberto Fortini (Univ. Rome Tor Vergata, December 2013), Hong Zhang (National University of Singapore, June 2014).
